

## Test Coach Relocation Announcement

Test Coach Corporation is pleased to announce that we will be moving into our brand new 7,000 square foot facility in Lake Zurich, IL on June 24<sup>th</sup>, 2010. The move was prompted by our growth and the need for more space for our expanding programming and testing services. We are very excited about the new location and the much needed additional space.

In conjunction with the move, Test Coach has purchased an additional SPEA 4040 flying probe tester and a third Agilent tester, the new Medalist i3070 series 5. With the additional testers, we will be able to significantly increase our capacity and throughput to better accommodate the needs of our customers.
